EXPERIENCE

Youth Public Service Institute Club — Co-President

Dec 2021 - PRESENT

- Organized and conducted multiple events relating to social issues and changes in my community.
- These events included Homelessness awareness presentation at city hall, hosting of an awareness art gallery, and even packing canned-foods for Salvation Army.
- Raised \$6500+ for nonprofits including Interfaith Shelters Network.

Artificial Intelligence Research— Lead researcher, Software Developer

Jun 2023 - Sep 2023

- Created and programmed a deep learning optimization model to train and classify names of 1600 gemstone names.
- My model was able to classify these gemstones with 94.7% accuracy, results are published to IJHSR through a research paper.

Bouncin Inc. Internship— *Intern, Web developer, Customer Service*

July 2023 - Aug 2023

- Being in an internship in Taiwan, I used HTML and CSS to maintain several websites for some of Bouncin Inc.'s customers.
- In addition, I also ran market research and phoned / advertised to Bouncin's nationwide customers like Bank of Taiwan, First Capital Management, and Cathy Hospitality.

Game Design Camps— Game Developer, University Summer Program Resident

July 2023 - Aug 2023

- Attended two coding for game design summer programs at UCLA and NYU.
- Created 4 unity games consisting of 2D top down, and open world games. Learned character animation, unity engine, level design, and C# programming language.
- Game design portfolio from over the years:
